RETURN-TO-SCHOOL PLAN

IN RESPONSE TO COVID-19
INTRODUCTION
We have created this plan to aid in navigating the reestablishment of our school so that employees, students, and families feel safe and to reduce the impact of COVID-19 conditions upon returning to the district. The guidelines referenced in this plan are based on guidance from the Centers for Disease Control and Prevention (CDC). Regular updates will be made to this plan based on information provided by the CDC, and applicable federal, state and local agencies.

GUIDING PRINCIPLES
In order to ensure the continued well-being of our employees the following guiding principles have been put in place:
1. EMPLOYEE AND STUDENT SAFETY MEASURES
2. HEALTH GUIDELINES
3. SUPPORT FOR FAMILIES
SECTION 1: SAFETY OF STUDENTS, STAFF, AND VISITORS

PHASES AND TIMELINES

Information and direction about the phases and timeline will be sent to all employees, students, and parents before implementation. Please see below for a summary of the phases and timelines.

<table>
<thead>
<tr>
<th>Phase</th>
<th>Timing</th>
<th>Items</th>
</tr>
</thead>
</table>
| Planning  | June   | ● Supplies, equipment  
           |                     | ● Prepare detailed work schedule for phases  
           |                     | ● Prepare buildings and transportation for reopening with thorough cleaning |
| Phase 1   | June   | ● Implement social distancing protocol and open facilities with limited access/use |
| Phase 2   | July   | ● Expand use of school based on recommendations and data from CDC, Georgia Department of Public Health, Southwest Georgia Public Health, and applicable state and local agencies |
| Phase 3   | Aug.   | ● Open school  
           |                     | ● Expand full operation based on recommendations and data from CDC, Georgia Department of Public Health, Southwest Georgia Public Health and applicable local and state agencies  
           |                     | ● Determine what restrictions/guidelines stay in place |

EMPLOYEE AND STUDENT SAFETY

VISITOR RESTRICTIONS

PCSCS will not allow normal visitation to our campuses until the reopening date. Only PCSCS staff are allowed on campus during preparation for reopening.

TRAVEL RESTRICTIONS

PCSCS will discontinue staff travel to conferences and workshops until further notice unless pre-approved by the Human Resource department and the office of the Superintendent.
EMPLOYEE SCREENING AND PROTOCOLS

To help prevent the spread of COVID-19 and reduce the potential risk of exposure to our employees, we will be requiring employees to complete a self-screening which includes a temperature reading and answering a set of questions related to COVID-19 symptoms including:

- Dry Cough
- Shortness of breath or difficulty breathing
- Sore throat
- Loss of taste or smell
- Muscle Aches
- Feeling feverish or a measured temperature greater than or equal to 100.4 degrees Fahrenheit
- Known close contact with a person who is lab confirmed to have COVID-19

All screening information will be kept confidential by Human Resource and the district nurse.

HEALTH PROTOCOL

- If an employee becomes ill at work or if another person is exhibiting symptoms of COVID19 at work, they may be asked to leave work and go home or to follow up with their primary health care provider.
- Employees returning to work from an approved medical leave should contact HR. You may be asked to submit a healthcare provider’s note before returning to work.

If you have been diagnosed with COVID19, you may return to work when all 3 criteria are met:
1. Twenty-four hours have passed since recovery (no fever without the use of fever-reducing medications); and
2. You have improved in respiratory symptoms (cough, shortness of breath, etc); and
3. At least 10 days have passed since symptoms first occurred

- If you have symptoms that could be COVID19 and do not get evaluated by a medical professional or tested for COVID19, it is assumed that you have COVID19 and may not return to work until the three criteria listed above have been met.

Asymptomatic persons with confirmed COVID-19 can return to school after:
- At least 10 days have passed since the positive lab test and the person remains asymptomatic.
- Note, asymptomatic persons who test positive and later develop symptoms should follow the guidance for symptomatic persons.
NURSE (NON COVID SITUATIONS)

GUIDANCE IF EXPOSED

While we all hope to avoid exposure to illness from COVID19, we need to be prepared for that possibility. If you or someone you’ve been in contact with has been exposed to the virus, our first concern is for your health and safety and those around you. In this rapidly changing situation, healthcare providers should have the most up-to-date information from the CDC.

Please do the following:
1. Quarantine yourself in a specific room away from others in your home
2. Contact the following (in order of priority), let them know you have been exposed to COVID19, then follow their instructions.
   a. Your healthcare provider
   b. PCSCS HR department
   c. Your supervisor
3. Your supervisor will work with HR to determine appropriate next steps.
4. In case of an emergency, call 911 and let them know you have been exposed to COVID19, then follow their instructions.

SOCIAL DISTANCING

Social distancing is an effective way to prevent potential infection. PCSCS students and employees will be expected to practice social distancing guidelines including staying 6 feet away from others when possible.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

In order to minimize exposure to COVID-19, PPE may be needed to prevent certain exposures. PPE can include:

**Masks:** Face masks are an important part of employee protection, as well as personal hygiene, social distancing, and frequent cleaning efforts.

**Gloves:** Touching your face with contaminated hands, whether gloved or not, poses a significant risk of infection. Wearing gloves does not diminish the need to wash your hands. Please remember to wash your hands properly as it is the number-one defense against any virus. Additionally, the proper removal of gloves reduces the risk of being exposed to contamination.

*Please note that social distancing should still be practiced even with the use of gloves and masks.*

In addition to using PPE, please remember to:
- Wash your hands often with soap and water for at least 20 seconds. Use hand sanitizer with at least 60% alcohol if soap and water are not available
PCSCS RETURN TO SCHOOL PLAN

- Avoid touching your eyes, nose, and mouth
- Cover your mouth and nose with a tissue when you cough or sneeze or use the inside of your elbow. Dispose of the tissue in the trash can.

PERSONAL WORKSPACE/CLASSROOM

PCSCS employees will be expected to disinfect their own personal workspace (teacher desk, phone, etc) throughout the day, giving special attention to commonly touched surfaces. Faculty, staff, and students will be permitted to take breaks and lunch outside, in their personal study space, workplace or in such areas where social distancing is attainable. PCSCS will expect faculty, staff, and students to avoid shaking hands and other unnecessary person-to-person contact with other individuals.

SHARED WORKSPACE

Employees will be expected to disinfect their own workspace multiple times throughout the day to reduce the spread of disease. Special attention should be given to commonly touched surfaces, including, but not limited to door handles, pencil sharpeners, keyboards, and mice. PCSCS will provide disinfectant, wipes, and hand sanitizer throughout the workplace and in common areas.

Please note that proper equipment such as acceptable disinfectant and PPE should be used when cleaning individual workspaces.

There will be limited access to certain workspaces to reduce exposure to risks and ensure employee safety. Workspace usage is as follows:

- **Capacity** – PCSCS expects social distancing guidelines to be implemented in all areas. The number of employees in an area should not exceed the ability to adhere to social distancing guidelines.

- **Conference Rooms** – Certain conference rooms may be closed depending on the severity of the spread of the virus. In the event in person meetings are not practical, the use of Google Meets will be highly encouraged to fulfill meeting expectations.

- **Copy Room** – PCSCS expects social distancing guidelines to be implemented while working in the copy room.

FACILITIES CLEANING

The safety of our employees and students are our first priority. Upon reopening, our schools have been completely cleaned and disinfected and we will continue to adhere to all necessary safety precautions. In addition to the deep cleaning of the offices and schools before employees and students return, the cleaning steps outlined below are to be taken to disinfect workplace surfaces, chairs, tables, etc. to protect employees and reduce the risk of
spread of infection. We will require employees to maintain this safety standard by continuously cleaning and disinfecting based on the frequency stated below. Common surfaces will be disinfected regularly. PCSCS will ensure ventilation systems will operate properly and increase circulation of air within facilities as practicable.

**WATER FOUNTAINS**

Water fountains will not be utilized. Students will need to bring their own water bottle. Water will be available at lunch.

---

### GENERAL DISINFECTION MEASURES

### Common Areas

| Cafeteria, Library, Conference rooms, Gyms, Common Areas, Halls | At the end of each use/day; between groups; Schedule for disinfection will be developed by Administration |

---

### GENERAL DISINFECTION MEASURES PROTOCOL

General measures should be followed regularly.

### DEEP CLEANING AND DISINFECTION PROTOCOL

Deep cleaning is triggered when an active employee or student is identified as positive for COVID 19 based on testing.

### Recommendations for Prevention

- Post signs in classrooms, hallways, and entrances to communicate how to stop the spread, COVID-19 symptoms, and preventative measures.

- How to Protect Yourself and Others

- How to Stop the Spread of Germs

- Handwashing

*Guidelines provided by the CDC [cdc.gov/coronavirus]*

- Protocol for testing and reinforcing good hygiene measures for face coverings, handwashing, and covering coughs.

- Protocol for entering/leaving the office and classroom, embedded in rituals and routines. Use of sanitizer will be expected before entering and upon exiting any area. This includes any offices, classroom, media center, cafeterias, restrooms and buses.

- If one’s temperature is 100.4 or higher, the individual will be taken to a designated location away from other individuals. The nurse or designated individual, being the primary contact, will follow protocol to contact the parent. Parents will need to collaborate with the school concerning if their child has a temperature before arriving. In addition, PCSCS requests if your child exhibits symptoms of COVID-19 to not report to school and seek medical attention.
Expectations for Transitions

- It will be required for Faculty, Staff and Students to wear face coverings in the hallways and common areas where social distancing may be difficult. It is expected for faculty and students to wear a face covering in the classroom areas when the situation warrants a face covering (i.e. limited social distancing).

Expectations for Entering School Building

- Temperatures and screening will be conducted for students and staff before entering the building. It is expected that staff and students wear a face covering upon entering the building.
- It is expected visitors wear a face covering and temperature taken upon entering the building.
- Schools will provide multiple entrances for car riders, bus riders and walkers. Temperature checks will be conducted at all entrances.

DELIVERY

Every effort will be made to limit exposure by reducing the number of individuals allowed in the building. Food, flowers, and gift deliveries are discouraged at this time. However, no deliveries shall go past the front office of the schools.

PREVENTIVE MATERIAL INVENTORY

1. Confirm school district has an adequate supply of soap, disinfectant, hand sanitizer, paper towels, and tissues
2. Confirm a supply of gloves and other protective gear
3. Confirm an adequate number of touchless thermometers on-site for employee and student screening

BUS DRIVERS/BUS PROTOCOLS

Bus drivers or designated staff will disinfect the buses:

1. After each afternoon route.
2. Twice a week, the buses will be disinfected using electrostatic chemical sprayers
3. It is expected that students and drivers wear a face covering. If a student does not have a face covering, a face covering will be provided. Social distancing will be utilized as much as possible.

Bus drivers must not report to work if they suspect they are sick or if they have symptoms including a fever, sore throat, difficulty breathing, loss of sense of smell or have been in contact with other people who have any confirmed respiratory illness or disease within the last 10 days.
**SCHOOL NURSE FORM**

If an employee or student becomes ill on campus/district, he/she will immediately report to the school **nurse** for treatment.

Once the employee or student arrives at the isolation room, immediately provide them with a mask and gloves. Explain that this is to help protect other employees and students and prevent the spread of the potential virus.

- The nurse must complete the information sheet log.
- The nurse and others attending the suspected infected person, should also wear a protective mask and gloves while working with the suspected infected person.
- The nurse will direct the ill employee to leave work or call the parent of the student to be picked up and go home.
- The district will work in coordination with the Health Department identifying persons who may have come in contact with the suspected infected person. *Unless required by the local health authority, the name of the employee/student should not be provided.*
- Advise employees and/or parents that he or she may have been in contact with a suspected employee and to carry out self-screening every morning, and based on the results, contact the HR department.
- The isolation area and suspected employee’s or student’s work area/classroom must be thoroughly cleaned and disinfected, in addition to all other common surfaces recently touched by the employee or student.

**RESTROOM USAGE DURING THE WORK DAY**

- Establish and post maximum capacity for all restroom facilities.
- To the extent possible, the use of the restroom will be scheduled in pods for the restrooms. Students will be expected to use the available sanitizer stations to sanitize their hands before and after using the restroom.
- Staff will ensure that rituals and routines for restroom cleanliness are adhered to.
- Staff is also encouraged to wash their hands or use hand sanitizer at appropriate places within the school.

**LOCKER ROOMS**

While in locker rooms, students are expected to follow social distancing guidelines to stay 6 feet from others as a normal practice. Eliminate contact with others, such as handshakes. Avoid touching surfaces touched by others to the extent feasible. In all cases, individuals will need to be vigilant to avoid anyone who appears to be sick.
VISITORS ON CAMPUS

The safety of our staff and students remains the district’s primary concern. To help prevent the spread of the virus and reduce the risk of exposure to our staff and students, visitors will be screened for their temperature and asked the normal screening questions.

CAFETERIA AND MEAL PERIODS

TEMPORARY CLOSURE

If required to temporarily serve, school Nutrition will serve multiple meals (a week’s worth) on Monday and will be picked-up from Pelham City Middle School bell tower and (possibly bus routes).

ENHANCED MITIGATION MEASURES

Pelham Elementary School- Under Construction

Breakfast- Breakfast On-the-Go

Lunch- Sack lunches

Pelham City Middle School- 2 Alternative Serving Models

1. Serve breakfast and lunch in classrooms
2. Serving meals in cafeterias with:
   · Spaced serving lines (marked on floors)
   · Spaced seating
   · Longer meal periods for more staggered meals. Pre-packaged meals or bags for each student instead of traditional serving lines will be used to the extent possible. Avoid sharing of foods and utensils
   · Students will be served by staff (No longer will be able to self-serve)

Pelham High School-2 Alternative Serving Models

1. Serve breakfast and lunch in classrooms
2. Serving meals in cafeterias with:
   · Spaced serving lines (marked on floors)
   · Spaced seating (utilize outdoor space as practicable and appropriate)
   · Longer meal periods for more staggered meals. Pre-packaged meals or bags for each student instead of traditional serving lines will be utilized to the extent possible. Avoid sharing of foods and utensils
   · Students will be served by staff (No longer will be able to self-serve)
PREVENTIVE PRACTICES

Pelham Elementary School- Under Construction

Breakfast- Breakfast On-the-Go

Lunch-Sack lunches

Pelham City Middle School-Come through the serving line as usual (students will be served by staff no self-serving)

Pelham High School-Come through the serving line as usual (students will be served by staff no self-serving)

CLASSROOM ARRANGEMENTS

PCSCS will use master schedules to balance class numbers and sizes as much as possible. Social distancing will be maximized to the extent most possible. Teachers and staff will work to limit physical interaction through group and partner work. Large areas such as auditoriums, gyms, and outside spaces will be utilized to aid in social distancing. PCSCS would recommend discouraging students from using other students’ phones, desks, offices, or other work tools and equipment. In grades 2nd-4th, teachers will rotate classrooms instead of students. Special’s teachers will transition as well. In grades 5th-12th, students will transition to each class following social distancing guidelines.

SOCIAL-EMOTIONAL WELL-BEING OF STUDENTS AND STAFF

The district/campus counselors will provide resources for parents and teachers to access. The counselors will work with students individually or in small groups to address any well-being needs.

COMMUNICATION METHODS

To stay updated on the most up-to-date information:
1. Teachers, students, and parents need to check their email often.
2. Visit our district website
3. Follow our social media platforms
4. Google Classroom, Google Meets

II. ACADEMICS

Pelham City Schools’ Principals & Directors team met weekly to plan for a return to instruction.
The team focused on 3 core areas of planning: virtual learning, in-school learning, and hybrid instruction.

1. **All Learning Completed at Home (all students)**
   Students will complete work through a virtual environment or through work packets distributed at lunch pick-up and local businesses. OdysseyWare will be the primary online platform delivery method for grades 6-12. Google Classroom will be used to supplement the instructional communication. Google Classroom would be used for grades PK-5. All teachers would be expected to provide online instructional videos through their Google Classroom to either explicitly teach standards or to supplement the OdysseyWare materials. Teachers would have weekly contact with students and families, unless the family asks for less communication. Teachers may work from home or in their classrooms. This would be a school level decision.

2. **Hybrid Learning Model**
   Students would attend school in person two extended days a week and participate in at-home learning three days a week. Students would attend school in person either Monday and Tuesday or Thursday and Friday. Families would be grouped to attend classes on the same days unless the parent asks for separation. Teachers would deliver instruction in-class on two days a week using the best-practices and standards-based classroom model already used by Pelham City Schools. Students would use an online platform to view instruction on their three “at home” days, or be provided assignments to be completed before leaving their 2nd day of class for the week. In person school days will be extended by one hour.

3. **In-School Learning (Fully Reopened)**
   All students would attend either 5 days or 4 days a week, based on the Board of Education’s approved calendar. If four days a week, each day would be extended by 1 hour. Instruction continues as it did prior to March 2020.

   For students who elect to go to a totally virtual option, one teacher at each grade level or department will be identified as the “virtual teacher” for that grade or subject. These teachers will facilitate instruction through Odysseyware or Google Classroom. The teacher will grade assignments and provide feedback. Parents must provide assurances that students will attend virtual class daily, complete all assigned work, and seek additional help when encountering difficulties. Pelham High School will require one semester commitment to virtual learning. Pelham City Elementary School and Pelham City Middle School will not require a specific time commitment for students learning virtually. However, all parents will be encouraged to commit for at least one grading period.
GRADING POLICY

Grading and Attendance

There will be no change to the board-adopted grading policy for each grade level. Teachers and principals may elect to provide students additional time to complete assignments or require less graded work than typical. All assignments submitted virtually should be graded and feedback delivered within 1 week. It is imperative that all teachers maintain an up-to-date Infinite Campus gradebook.

Pelham City Schools will follow all state guidelines on student attendance. If attendance requirements for students are waived for the 2020-2021 school year, Pelham will take that into account when monitoring attendance. Students attending school virtually are expected to attend class each day or contact their school or central office if they are having trouble connecting.

Completion Protocols

All board-approved promotion and retention guidelines remain in effect. Students are expected to complete work no matter which instructional model is in place. All promotion, retention, and placement decisions will be made on a case-by-case basis that examines grades, attendance, and performance on formative and summative district assessments.

DISTRIBUTION AND RETURNING STUDENT ASSIGNMENTS IF DISTRICT CLOSES

In the event that the school does not reopen or has to close in 2020-2021, we will follow the guidelines below for receiving and returning student work.

Students who have connectivity and devices should complete all work through Google Classroom or OdysseyWare. This reduces the amount of paperwork that these students need to return.

Students who do not have connectivity or a device are expected to pick up a paper work packet from their school, the lunch pick-up location, or one of the participating local businesses. Each school will identify days when work should be returned. Work will be returned in a location to minimize person-to-person contact and allows for sanitation before the work is taken into the building. All work will be returned to teachers and should be graded following the protocols above.

Progress reports and report cards will be mailed home to minimize person-to-person contact.

PACKET PREPARATION
(Preliminary evidence suggests that the virus can only live on surfaces like cardboard for 24 hours and approximately 2-3 days on plastic. This means that with some very basic sanitation protocols, any risk of homework packets themselves transmitting the virus can be minimized.)

1. No school personnel who have symptoms consistent with COVID-19 should prepare packets. Each day that a staff member will be involved in packet preparation, they should, at a minimum, check their symptoms before putting packets together. Staff members who are symptomatic should self-quarantine as recommended by the CDC.

2. No school personnel should be involved in packet preparation if they know they have had close, direct contact with an individual who has COVID-19 or is otherwise symptomatic. For example, if someone in a school staff member’s home is showing signs of the virus, even if they are not yet symptomatic, that school staff member should not be involved in putting packets together.

3. Any location in our school used for packet preparation should be thoroughly cleaned, following appropriate cleaning protocols, before packet preparation begins.

4. If you are putting packets in envelopes, choose envelopes that do not require moistening to seal.

5. **Wait 24 hours** before distributing packets to families if only paper-based materials are involved. **Wait 72 hours** if plastic materials are used.

### PACKET DISTRIBUTION

Packets will be distributed at lunch pick-up locations, at each school, and at business locations throughout Pelham. Those who are unable to get a packet should contact their school for help.

### ONLINE INSTRUCTION

As indicated above, Google Classroom and OdysseyWare will be the primary delivery models for online instruction. Students should make every effort to participate in online learning opportunities and to seek additional help from their teachers when necessary.

For those parents that do not have internet connectivity at home, PCSCS will make internet connectivity available through the high school and central office parking lots. In addition, for those individuals who do not have devices, PCSCS has purchased Chromebooks and once received, they will be issued to students.

### III. EXTRACURRICULAR ACTIVITIES AND FIELD TRIPS

All field trips and extracurricular activities are currently cancelled. Sports participation is following the Georgia High School Athletic Association guidelines at this time. PCSCS will monitor the spread of the virus and its impact in determining when field trips and extracurricular
activities will resume. PCSCS will expect social distancing protocols before, during, between, and after all athletic, educational, and other group activities.

IV. TEMPORARY CLOSURE

In the event PCSCS needs to close temporarily, the district will consult with local and state DPH health officials. PCSCS will participate in contact tracing efforts with the DPH. The affected areas will be cleaned and disinfected after a 24 hour wait period, if possible. The closure will be evaluated by the size and characteristics of student and staff populations. Factors would include environmental factors that affect transmission, increased absenteeism and trends of cases. Considerations will be made for the needs of students and teachers who would be considered most vulnerable.

DECISION GUIDE- COVID-19 FOR STUDENTS AND STAFF

PERSON HAS SYMPTOMS

YES

POSITIVE COVID-19 TEST

MAY RETURN TO WORK/SCHOOL AFTER ALL OF THE FOLLOWING:
1. AT LEAST 24 HOURS FEVER FREE WITHOUT MEDICATIONS
2. IMPROVEMENT IN OTHER SYMPTOMS
3. AT LEAST 10 DAYS SINCE SYMPTOMS FIRST APPEARED

NO

POSITIVE COVID-19 TEST

MAY RETURN TO WORK/SCHOOL AFTER ALL OF THE FOLLOWING:
1. AT LEAST 10 DAYS SINCE POSITIVE LAB TEST
2. THE PERSON REMAINS ASYMPTOMATIC
3. YOU CAN BE AROUND OTHERS AFTER YOU RECEIVE 2 NEGATIVE TEST RESULTS IN A ROW, AT LEAST 24 HOURS APART.
PCSCS RETURN TO SCHOOL PLAN

ASYMPTOMATIC PERSON WAS IN CLOSE CONTACT WITH SOMEONE DIANOSED WITH COVID-19

YES

EXPOSED PERSON WAS WEARING A MASK

MAY RETURN TO WORK/CLASS BUT SHOULD WEAR A MASK AND MONITOR SYMPTOMS FOR 14 DAYS FROM DATE OF EXPOSURE

NO

EXPOSED PERSON WAS WEARING A MASK

MAY RETURN TO WORK/SCHOOL AFTER A 14 DAY QUARANTINE PERIOD

WHEN TO START AND END QUARANTINE

CLOSE CONTACT WITH SOMEONE WHO HAS COVID-19 WILL NOT HAVE FURTHER CLOSE CONTACT

YOUR LAST DAY QUARANTINE IS 14 DAYS FROM THE DATE YOU HAD CLOSE CONTACT

CLOSE CONTACT WITH PERSON WHO HAS COVID-19-LIVE WITH THE PERSON BUT CAN AVOID FURTHER CLOSE CONTACT

LAST CLOSE CONTACT WITH PERSON WHO HAS COVID-19-1ST; LAST DAY OF QUARANTINE - 15TH

PERSON WITH COVID-19 STARTS HOME ISOLATION-1ST; LAST DAY OF QUARANTINE-15TH

YOUR LAST DAY OF QUARANTINE IS 14 DAYS FROM WHEN THE PERSON WITH COVID-19 BEGAN HOME ISOLATION
